Dear Editor,

Mitchelsville is a fine city, but it has a problem with litter. There has always (7) been trash on our streets, but I think I has seen more litter lying around lately than ever before. I can't remember the last time Washington Boulevard looked clean. Just (8) last summer, on the Fourth of July, 200 pounds of food and paper was dropped on (9) the ground in Jefferson Park. It took busily city employees nearly two weeks to clean up all the trash. Now really, should the city be responsible for cleaning up our old (10) candy wrappers and soda cans? We are all capable of picking up after us. We do so in our own homes, and it's time we started doing it in public as well. Mitchelsville (11) will be a truly beautiful city if we all do our part to keep it clean.

Sincerely,

Save the City Members

For Numbers 12 through 17, read the passage and look at the numbered, underlined parts. Choose the answer that is written correctly for each underlined part.

(12) One of the best newer services that home improvement  
(13) stores frequently offer is a variety of “how-to” classes that are  
(14) held in the store. People can sign up and came in and have  
(15) lightly refreshments while they learn about faux painting techniques  
or how to repair basic plumbing problems. The classes are open  
(16) to anyone, and they are freed. The idea is that consumers will learn  
something new as well as develop a good relationship with the  
employees at the store. The store hopes the customers will return  
(17) soon when he wants to buy something.
